*It doesn't happen,  
but if it does*

*Big and small events, accidents and disasters happen despite the efforts of men to prevent them and reduce their effects.*

*The best way to deal with them is to try to carry out joint projects to be ready to respond when they happen.*

*European cooperation programs invite us to overcome the physical and cultural limits which often constitute the most difficult obstacle to overcome.*

## NEX AID - NETWORK EMERGENCY CROSSBORDER

The first cross-border network for the management of health emergencies and unconventional emergencies

### PARTNERS

- Azienda ULSS 3 Serenissima - Veneto
- Splošna Bolnišnica Izola / Ospedale Generale Isola
- Splošna Bolnišnica Jesenice
- Comune di Venezia
- Azienda Sanitaria Universitaria Giuliano Isontina
- Zdravstveni Dom Osnovno Varstvo Nova Gorica

## THE MAIN OBJECTIVES OF THE PROJECT ARE:

1. Implementation of cross-border cooperation in the field of health through the development and implementation of common protocols and cross-border agreements for the joint management of emergency medical assistance measures;
2. Designing optimal common solutions to coordinate emergency medical coordination in the cross-border area;
3. Conducting ECM-certified health training courses for Italian and Slovenian medical staff employed in the field of emergency medical care.

## PROTOCOLS

Mass Casualty Event

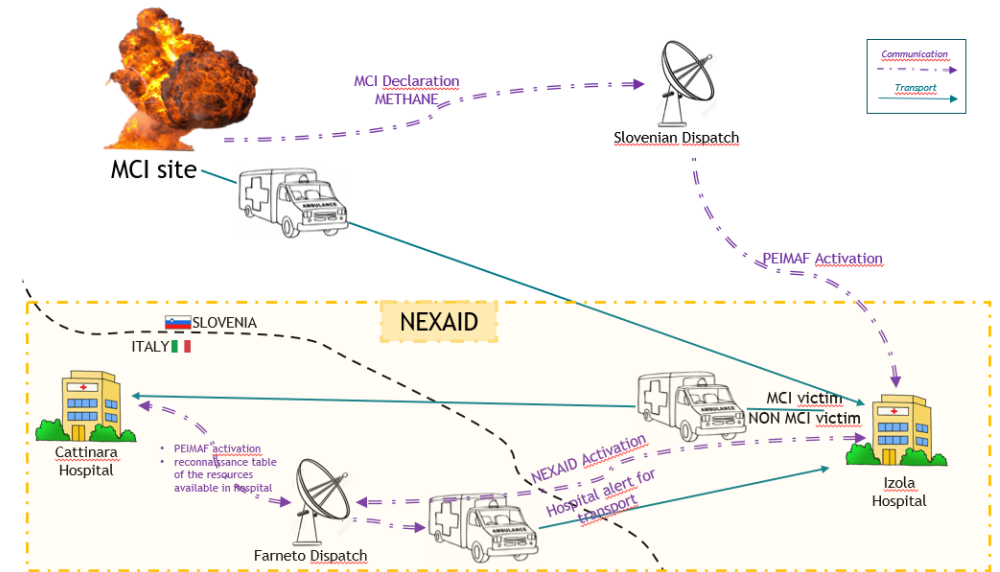

Polytrauma Management

Radio Communication

## COMMUNICATION AND TRANSPORT FLOW

## OUTPUTS

1. crossborder agreements and protocols
2. management and transfer of patients with polytrauma
3. common communication system
4. definition of a joint intervention plan
5. training courses for health workers and lay people

Equipement and protocol testing in the scope of MI exercise
